rPET containers for cold and frozen food

- **Container - lid Temperature Limits:** resistant to freezing - cooling temperatures from -40 to +54 degrees C.
- **Material:** 100% recyclable for transparent PET, and more than 90% for black containers.
- **Microwaves:** All containers in this series are NOT SUITABLE for use in microwaves.
- **Covers - Lids:** they are anti-fog & made of rPET and provide excellent tightness so that no leakage from sauces and liquid items is observed. The same lid can be applied to more than one container, due to the same dimensions of the base in most cases, which differs in height.
- **The dishes are stackable** - they are detached extremely firmly, they are watertight and durable and there is not the slightest transfer of smell - taste.

A. ROUND CONTAINERS – CLASIC SERIES

It includes round containers (PET transparent) with a capacity from **350 to 9,000 ml** (all with a separate lid), and square containers (PET transparent and black) with a capacity from **150 to 1500 ml**.
