

## PRODUCT LIST 2023

**Contact us for prices and the terms of the order.**

### TAKE AWAY – DELIVERY PP containers for hot / reheated food

These containers have the following **characteristics**::

- **Material:** Fully recyclable PP, containing 30% less organic matter.
- **Cap - Lid Temperature Limits:** Resistant to temperatures from -18 to +100 degrees C.
- **Microwave:** All utensils in this range are suitable for microwave use (with their lids).
- **Caps - Lids:** They are made of PP and provide excellent waterproofing so that no leaks from salads and liquids can be observed.
- **All Fastpac lids are equipped with a vent hole to prevent moisture and contents from being completely visible, also the lids do not open when reheated in the microwave.**

The hole **allows the steam to release** without cooling the food.

- **The same lid can be applied to more than one container**, because many containers differ in height and have the same diameter.

|          |  FOOD SAFE CONTACT |  REUSABLE |  MICROWAVEABLE |  HEAT LAMP SAFE |  DISHWASHER SAFE |  REFRIGERATOR / FREEZER FRIENDLY |  STACKABLE |  TEMPERATURE |
|----------|---|--|---|--|---|---|---|---|
| PP BLACK | ✓   | ✓  | ✓   | ✓  | ✓   | ✓   | ✓   | +120°C<br>-18°C   |
| PP CLEAR | ✓   | ✓  | ✓   | ✓  | ✓   | ✓   | ✓   | +120°C<br>-18°C   |

### Advantages:

- **Fastpac containers are hand washable**, so the end consumer can reuse them at will.
- Keep food **warm and fresh for a long time** from baking time.
- **30 containers and lids** are available in squares, rectangles and round shapes, from 1 to 3 compartments, ideal for all meals, from appetizers, potatoes, hot dishes to soups and full meals.

**Certification:** All utensils are qualified and **certified for food contact.**

**Use:** All containers can be **hand washed and reused by the end consumer.**
